Park New Haven Launches Valet Parking Service for Downtown

Parking Authority and Valet Park of America Team-Up to Bring Valet Service to Downtown Evening Crowd

NEW HAVEN, Conn. — (November 10, 2016) — Park New Haven, which maintains and manages over 8,000 public parking spots across 7 garages and numerous surface facilities in Downtown New Haven is pleased to announce the addition of a new Valet Parking Service in Downtown New Haven.

The new service will be located conveniently on College Street near the Crown Street Garage and Shubert Theater, in the heart of the Downtown entertainment and restaurant district. Operating Thursday, Friday, and Saturday nights from 5:30 PM to Midnight, the new valet stand will make a perfect addition to your next trip into New Haven's vibrant downtown for dining, shopping, or just a night out on the town.

"Adding Valet Parking to our current parking options downtown was just the right thing to do," said Doug Hausladen, Acting Executive Director, Park New Haven. "Visitor's expectation of cities has changed, and now Valet Parking is something folks have come to expect. New Haven can now live up to that expectation. It is our goal to make the parking experience in the Elm City the best it possibly can be, and

the launch of the new downtown valet program is just another piece to make the lives of those who live, work and play in our city even easier,” added Hausladen.

The service will be operated by Park New Haven and partner Valet Park of America, which currently manages valet parking operations at Union Station as well. The rate will be \$20.00 per vehicle.
